Township Streets and Highways Update

From Michael Fleming, Public Works Director

On Emig Mill Road Between Carlisle Road and Mayfield Drive

Within the winter 2015 Newsletter, we indicated that the Township was going to perform base repair and an overlay of Emig Mill Road. Upon further investigation of our public utilities (water and sewer) and gas facilities, owned by Columbia Gas of Pennsylvania, it was decided to work together to upgrade the ageing utilities prior to overlaying this section of roadway. In addition, we will repair a few areas of sanitary sewer. The Township engineer is currently preparing drawings so that we can bid the water main replacement in the fall of 2016. Upon the completion of that work, Columbia Gas of Pennsylvania has indicated they will replace their facilities in the spring of 2017. The Township will arrange for base repair of the cracked areas of paving during the summer of 2017. After all, has settled, the Township will contract to overlay the road during the 2018 construction season. Throughout this project, please plan on delays within the work zone areas and please remember we all are responsible for driving, walking, and biking, safely through any work zones.

Rent-A-Kid

Submitted by:

York County Area Agency on Aging

The Rent-A-Kid program, sponsored by the York County Area Agency on Aging (YCAAA), is an intergenerational program bringing older adults and youth together. York County residents, 60 years of age or older, who need help with various indoor and outdoor chores and other odd jobs are matched with youth in their area who can assist. The recommended reimbursement is \$5 per hour, or a negotiated rate based upon the job.

Don't wait - arrange for help BEFORE you need it! Call (717) 771-9103 or 1-800-632-9073 for information on Rent-A-Kid participants in your area.

APPRISE is the State Health Insurance Assistance Program which provides counseling for all Medicare beneficiaries in Pennsylvania. Locally this program is offered by the York County Area Agency on Aging.

APPRISE counselors are specially trained volunteers. They can answer questions about Medicare, Medicaid, Medigap, Medicare Advantage plans and the prescription drug benefit.

Visit the website at www.ycaaa.org and follow the 'Health Insurance' link or go to the 'Calendar of Events' for APPRISE counseling sites. To schedule an appointment for one-on-one counseling, call the APPRISE Help Desk at (717) 771-9008 or 1-800-632-9073.

Signs of a Failing Septic System

Helpful Information and Insight

Properties located in the more rural areas of Dover Township are not connected to the Township sewer systems. These properties have on-lot septic systems, which must be managed and maintained by the property owner of each individual property. On-lot system owners should be aware of the signs that the system is failing as a failure may present a health risk to drinking water in the area.

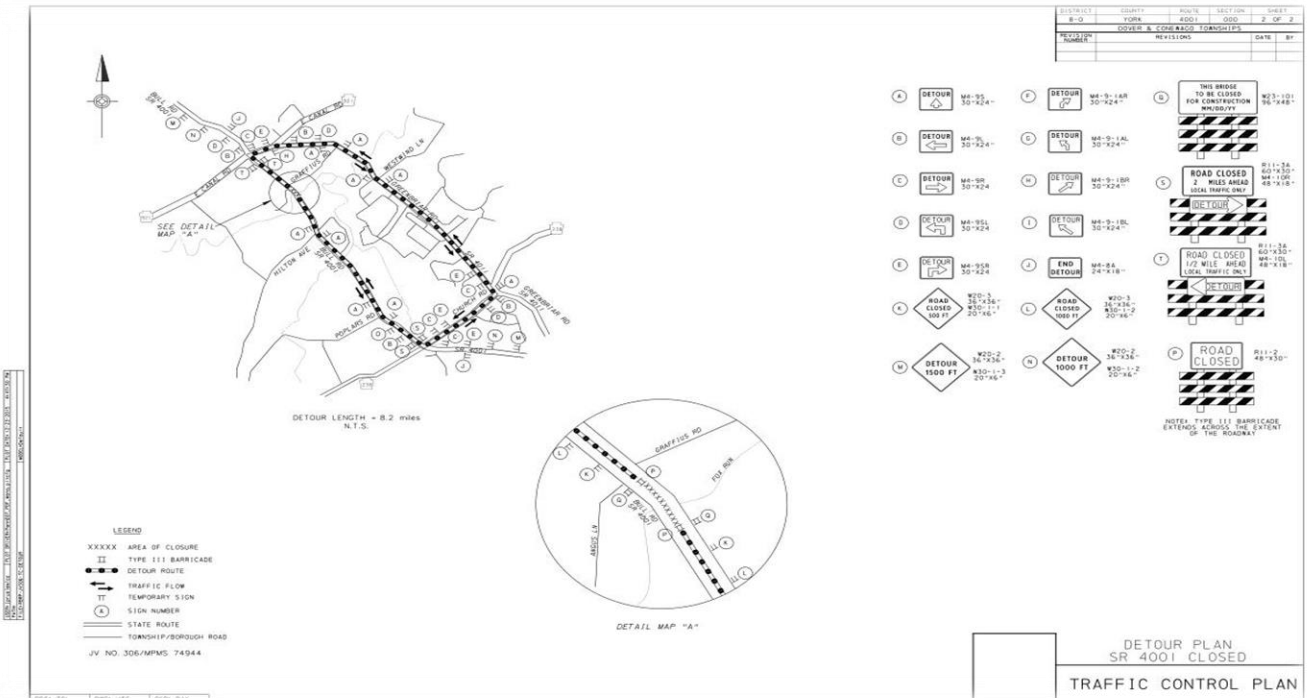

Warning Signs of Inadequate or Failing Septic Systems

- Waste water backing up into household drains.
- Bright green, spongy grass on the drain field, even during dry weather.
- Pooling water or muddy soil around the septic system or in basement.
- A strong odor around the septic tank and drain field.

If you are experiencing any of these issues, you should contact the Township Sewage Enforcement Officer to receive an assessment of the issue and obtain a permit to make the necessary repairs.

NOTICE TO ALL RESIDENTS

The Pennsylvania Department of Transportation (PennDOT) announced that work is scheduled to begin on June 27th; when crews will close the Bull Road Bridge in York County, as they prepare to replace the deteriorated bridge. The work is scheduled to extend for an estimated 75 days. Please see the detour plan below, provided by PennDOT.

Storm water Runoff Pollutes

The Conewago Creek and Little Conewago Creek serve as boundary lines for Dover Township. The two creeks are divided by ridge of mountains that separates them into two drainage areas that both feed storm water to the Susquehanna River and eventually the Chesapeake Bay. Proper management of storm water is a federal, state, county, township and individual property owner responsibility.

You may be asking yourself...What is storm water management? Storm water management is the result of precipitation and snow melt that runs off through streets, lawns, farms and construction and industrial sites. Storm water management is utilized to address concerns through a variety of techniques, including site design, control measures for runoff and purposeful landscaping.

What can you do?

- Keep pet waste, vehicle waste and grass clippings away from storm drains
- Create a rain garden
- Plant trees along streams to help control erosion
- Redirect your downspout onto lawn or natural areas or into rain barrels

For further information, to learn more about storm water, visit www.dovertownship.org!

Hoarding and Fire: Reducing the Risk

Submitted by:

Glenn Jansen, Dover Township Fire Chief

Hoarding and Fire: Reducing the Risk

Do you have a person in your life who may be a hoarder? Hoarding is a condition where a person has persistent difficulty discarding personal possessions. The large amount of possessions fills the home and prevent the normal use of the space. Living space becomes cluttered. It may be unusable. Hoarding brings distress and emotional health concerns. Fighting fires is very risky in a hoarding home. The clutter impedes the search and rescue of people and pets. **How Can You Help Reduce the Risk of Fire Injury?** When talking to a person who hoards, focus on safety rather than the clutter. Be empathetic. Help the resident make a home safety and escape plan. Stress the importance of clear pathways and exits. Practice the plan often. Reach out to community resources. Talk to members of the fire department to alert them of your concerns. They may be able to connect you with members of a hoarding task force for additional help.

CLEAN WATER IS EVERYONE'S BUSINESS

10 Things You Can Do to Prevent Storm Water Runoff Pollution

1. Use fertilizers sparingly and sweep up driveways, sidewalks and gutters.
2. Never dump anything down storm drains or in streams.
3. Vegetate bare spots in your yard.
4. Compost your yard waste.
5. Use least toxic pesticides, follow labels.
6. Direct downspouts away from paved surfaces; consider starting a rain garden.
7. Take your car to the car wash instead of washing it in the driveway.
8. Check your car for leaks and recycle your motor oil.
9. Pick up after your pet.
10. Have your septic tank pumped and inspected regularly.

Proper Disposal of Needles and Sharps

To all residents: Needles and other "sharps" originating from the home should NOT be placed in a recycling bin or flushed down a toilet. Residents should place all sharps in either a sharps container (available at pharmacies and medical supply stores), or in a sturdy plastic container such as a laundry detergent bottle. When full, place the container or bottle containing the sharps into the GARBAGE can. Never place loose sharps or needles in a garbage bag. Help keep our sanitation and recycling workers safe!

YOU CAN HELP!

All residents can help up protect our environment and control costs.

Here is a short list of actions that help benefit all Township residents:

- Conserve Water
- Report any suspected water or sewage leaks.
- Don't pour grease, oils and fats down the drains.
- Report any manhole issues.
- Don't flush medicines.
- Don't plant trees near sewer lines.
- Become a concerned resident and ask questions!

Adopt a Road Program

Become a volunteer! We could use your help!

The Adopt a Road Program beautifies and improves the area you call home! The Dover Township Adopt a Road Program offers many benefits to the community. It provides a clean environment and gives civic pride to all who reside here. This program serves as a reminder not to litter and additionally saves on the cost of taxpayer's money. The Adopt a Road Program is a national litter awareness program. Dover Township is happy to sponsor this program and get as many residents involved as possible who would like to volunteer! Volunteer individuals or organizations such as churches, civic groups, businesses and families like yours or mine are encouraged to join! Dover Township will provide all the necessary supplies needed and in return, the Township requests for a two-year commitment of your time. Within this two-year commitment, the Township will erect a sign identifying the name of your organization representing all of your hard work and dedication! Please contact the Dover Township municipal offices for more information at (717) 292-3634.

Dover Area Ambulance, Help Us Help You!

Summer is upon us and now is the time to add those new reflective numbers to your home and mailbox. Put new bulbs in outside lighting and clear trees and brush from driveways, so an ambulance can fit in when you need one. Put together a medical list of your personal information, medical history, medications, allergies and doctors. Then if you are not able to speak, it is easy for medical personnel to use the form for your care. The Dover Area Ambulance Club is proud to have seasoned staff 24/7 on two ambulances, a Bariatric Unit for obese patients, a LUCAS which provides chest compressions for patients in cardiac arrest and a new 4-wheel drive ambulance purchased this fall which was very useful this winter. These items were partially funded by writing grants as any little bit helps! DAAC is a nonprofit organization, not associated with the two local FD's or the medic unit and is funded by our service fees and any donation, which are greatly appreciated. Your continued support is needed greatly needed. Have a great summer!

WEIGELSTOWN LIONS PRESENT SCHOLARSHIP

Dover Area High School graduating senior Kayla Heiner received the Weigelstown Lions Club 2016 Scholarship award. The presentation took place at the Dover Area High School Scholastic Awards Banquet. Vietnam Veteran and Weigelstown Lions President, Ricky Cox presented the award. The scholarship is given in honor of former DAHS Principal, Lion Carl Nelson. Carl has been a Lion for 62 years. Congratulations to Kayla and her family and best wishes as she continues her academic pursuits. The scholarship and other Weigelstown Lions donations to local youth and civic groups are made possible due to the support of our Chicken BBQ and Bingo fundraisers by the Dover/Weigelstown community. Thank you Dover Area!

Be Prepared! Be Safe!

Preparing for Flooding

Flash floods occur within six hours of the beginning of heavy rainfall. Below are some guidelines for keeping safe during a flash flood.

- **Go to high ground immediately.**
- **Get out of areas subject to flooding, such as low spots, canyons, washes, etc.**
- **Do not attempt to cross a flowing stream on foot. Even water only six inches deep, when moving at a high rate of speed, can knock you off your feet.**
- **Never drive through flooded areas or standing water.**
- **If the vehicle stalls, abandon it immediately and seek higher ground.**
- **Understand the difference between a Flash Flood Watch and a Flash Flood Warning. Flash Flood Watch: Flash flooding is possible along small streams and rivers. Be prepared to move to higher ground. Flash Flood Warning: Flash flooding is imminent and occurring. Seek higher ground immediately.**
