## Leaf Collection - Nov. 7 to Dec. 16, 2011

Dover Township is divided into four areas, Area #1 from Butter Road South and Carlisle Road East, Area #2 from West Canal Road South and Carlisle Road West, Area #3 West Canal North and Carlisle Road West and Area #4 Butter Road North to Carlisle Road East.

Leaves shall be placed by curbside/edge of public roadway in piles not to exceed four feet (4') in height by four feet (4') wide. **NO COLLECTION WILL BE MADE ON PRIVATE ROADS.** Foreign substances deposited with leaves such as residential trash, tree limbs, shrub and hedge trimmings, brick and/or stone **WILL NOT BE COLLECTED.**

Please place your leaves curbside, it is not necessary to call in when you are ready for pick up. If you see that we

have passed your property and you were not ready for pick up, we will return for the second round in approximately one to two weeks.

We will begin with area #1 and continue in order, but sometimes Mother Nature doesn't cooperate with our schedule, either the leaves do not drop from the trees early enough or snow arrives before we can complete the third round to finish out the six weeks allotted for leaf collection.

All township residents can bring up their bagged leaves to the township building on Municipal Road any Saturday between the hours of 7 a.m. - 4 p.m.

Safety of our collection crews is very important, so please use caution when passing work crews along the road ways.

# Beware of “The Unflushables”

Sewers are designed to take away used dirty water from sinks, baths, showers, laundries, and toilets. Flushing away unflushables adds to the cost of operating and maintaining your sewers and the treatment plant. Putting trash down the toilet does cause blockages in sewers and possible damage to the environment.

**“Disposable” doesn’t mean flushable. Disposable means you should bag it and trash it...don’t flush it!** Most baby wipes and adult wipes are not flushable. This information is usually written in tiny letters somewhere on the package. The few that are flushable indicate it plainly on front of the package.

If you can’t find the phrase “flushable” or “safe to flush”, then it is not flushable. These unflushable wipes do not fall apart in water like toilet paper. The wipes get tangled in the sewage with other wipes and debris, resulting in sewer clogs and expensive problems for the Township and our residents.

## Don’t flush:

- Baby wipes
- Adult wipes
- Paper towels
- Disposable and cloth diapers
- Feminine products
- Q-tips
- Bandages
- Dental floss
- Socks
- Underwear
- Sanitary towels and incontinence pads
- Razors and blades - put these into a rigid container before placing in the trash bin
- Medicines - any unwanted or unused medicines should be returned to your local pharmacy for safe disposal

## Adopt a Fire Hydrant

*From Deputy Chief Jansen*

In the event of a fire emergency, could firefighters find the hydrant near your home?

Many fire hydrants near homes and businesses get buried under a snow pile in winter months and get lost in a jungle of vegetation in the summer.

Finding the closest fire hydrant and being able to connect fire hoses is critical during an actual fire. Fire hydrants supply the water necessary to extinguish fires in homes and businesses, and if one cannot be located and accessed for use, it could delay putting out the fire. A fire doubles in size every minute so seconds count!

Clearing a 3 foot area around the hydrant in your yard or your neighbors yard could be life saving. The few minutes that it takes to do this, could truly make the difference between life and death.

Please join the Dover Township firefighters in encouraging your friends and neighbors to “adopt a fire hydrant” near their home – to keep snow shoveled away from it during the winter and trim the plant growth in the summertime. This will ensure that hydrants are visible and will greatly speed the response time in case of an emergency.

**Parking:**

Do not block a fire hydrant by parking a vehicle next to it. Fire hydrants require a 10 foot clear zone in each direction.

**Leaking Hydrants:**

If you find a hydrant that is leaking, or broken you should call the Dover Township Water Department at 717-292-3634 and report this.

# Dover Area Ambulance is Proud to Announce...

## The addition of a BARIATRIC UNIT and a NEW AMBULANCE to our fleet of equipment.

The Bariatric unit is for patients who are over 400 lbs. The litter is specially equipped to haul up to 1600 lbs. and is moved into the specially equipped ambulance via a ramp with an electric winch and pulley system. This unit will cut down on lifting injuries to our employees and fire fighters. This Bariatric system purchase was \$12,000. A federal grant for \$5800 made the purchase possible.

When calling 911, please be sure to tell the dispatcher you will need this service.

DAAC also added a new remounted ambulance to our fleet April 4th, 2011. By remounting the box (patient compartment) from the 2003 ambulance on a new leftover 2009 Ford diesel chassis. We were able to cut costs and recycle. The remount cost \$105,000, a savings of \$30,000 to \$40,000.

### Dover Ambulance Subscription Notice

Since 1958, Dover Area Ambulance Club, Inc. (DAAC) has been committed to providing the highest quality Basic Life Support Service to all residents and visitors to our area. DAAC is NOT associated with any local Fire Departments and is a private, non-profit ambulance service. DAAC does not receive any tax subsidy. We rely on donations from the Community and billing for our services to offset the high costs of the service.

DAAC staffs two ambulance daily with paid EMT's with a third ambulance available if necessary. New this year will be a Bariatric Unit which is used to haul obese patients.

DAAC runs around 1900 calls a year.

Our ALS service is Medic 98 when Advanced Life Support is needed. Medic 98 is a combined team of Paramedics from York and Memorial Hospitals. Which supply specialized equipment for critically ill patients. **Subscriptions do not cover services provided by Medic 98 or any other ambulance service.**

### Billing Facts

Did you know that some insurance companies do not pay for ambulance services as part of their benefits, and many only pay a small percentage of the bill? What this means for you is money out of your pocket. A subscription offers a discount of 15% on services.

Please understand that you will receive a bill, from Healthcare Management Control (HMC) in Lancaster, which you should submit to your insurance company or give insurance information to our billing company. Your subscription covers the portion of the bill your insurance does not pay, after the third party providers have been billed.

### Membership Coverage and Benefits

A participating member shall be entitled to emergency ambulance service by Dover Area Ambulance Club when available to any hospital emergency room in our response area, providing it is accepting patients. If our ambulance is unable to provide 911 service for any reason and you or your dependants are transported by another ambulance service, you are responsible for the fee's charged by that ambulance service. Subscriptions do not cover Wheel chair van transports or Medic Unit Services.
