Brush Collection

September 19 to October 14, 2011

When you have your brush placed along the curb side or roadside, please call 292-3634 to advise us of your address and a crew will be out to pick it up.

During this time period, we will only pick up brush, tree branches and shrubbery without roots, ground or sod.

Please keep the lengths no longer than six feet long and less than 6 inches in diameter; larger materials need to be brought to the drop off area.

Important! Please do not mix leaves or other yard waste into the brush you place at curb side.

If you miss curb side pick-up, remember!!

Brush drop off is located on Municipal Road behind the Township Building at 2480 West Canal Road, at the salt dome gate.

A new Brush Collection Truck was purchased via the DEP 902 Recycling Grant Program.

Dover Area Ambulance Update

May 2011, Dover Ambulance placed into service a Bariatric Unit. This unit was placed in Ambulance 6-1 and is for patients weighing over 450 pounds. This unit consist of a large Stryker manual litter that is capable of handling up to 1,600 pounds in the down position, a winch pulley system that is mounted in the ambulance and two portable aluminum ramps. The patient is placed on the litter, the cable to the winch is fastened to the litter and the litter is pulled up into the ambulance via the aluminum ramps.

This unit saves our EMT's and firefighters from lifting injuries. With the price of our insurances rising thru the roof, we must try to keep our claims down. This project was funded by a PEMA grant.

You will also see DAAC personnel in bright yellow and black coats. These coats meet the Federal Highway requirement for safety when working along highways. These coats were also purchased with grant monies from EMSOP. The monies come from the extra \$10 tacked on to a moving violation citation.

In the past grant monies have refurbished our building, put in a generator, an exhaust system for our diesel ambulances and bought numerous pieces of equipment.

New subscriptions this year will be coming out in late August, with a new look! Keep an eye out for a yellow flyer. Have a safe Summer!

Free Seminar: Scams & Fraud

The Greater Dover Historical Society will sponsor a presentation on Scams and Fraud. The PA Office of the Attorney General offers this free seminar "The Senior Crime Prevention University Program" making citizens AWARE of the kinds of scams used by con artists. Some of the issues covered are: Home Improvement Rip-offs, Foreign Lottery Schemes, Telemarketing Fraud, and Sweepstakes Scams.

Date: August 18, 2011

Time: 6:30 p.m.

Location: Dover Lutheran Church - Enter from the alley off E. Canal St.

All are welcome, young and old. No need to be a member of the Society to attend.

Dover Township does not require permits for yard sales but asks that you limit your yard sales to 2 a year. If you have 3 yard sales a year you must register as a business with the PA State Department of Revenue. The purpose of a yard sale is not to go to other sales and buy items for the purpose of selling at your yard sale. Also, keep in mind, signs advertising your sale are not permitted anywhere other than on your property. Please do not put signs at intersections, telephone or electric poles or vacant lots because that would be a violation of the Township's sign ordinance. Dover Township thanks you for your cooperation in this matter.

Hoarding and Squalor Fire Safety

By Fire Marshal Glenn Jansen Sr.

In the USA, fires in hoarding households represent 8% or one in twelve of all fire fatalities since 2000. One third of these fire fatalities were aged 60 years and over (NSWFB Fire Investigation & Research Unit, August 2009).

Hoarding has been known to increase the risks of fire because:

- The accumulation of possessions results in an abnormally high fuel load which provides a much greater opportunity for ignition.
- Blocked exits and narrow internal pathways impede escape for the occupant and make firefighting difficult.
- Utilities such as electricity are often disconnected or misused. Non functional utilities can result in the occupant conducting unsafe practices when cooking and heating.

Hoarding is a complex issue which requires intervention and long term support from appropriate agencies. Even if action is taken to remove materials from a hoarder's house, because of the attachment to the behavior, it creates a high level of stress and the hoarder usually immediately replicates the behavior, often within days or weeks.

The Dover Township Fire Department recommends that individuals or agencies assisting those affected by hoarding should:

- Install smoke alarms and test them.
- Unblock exits.
- Widen internal pathways.
- Get utilities reconnected for the resident as soon as possible.
- Ensure safe cooking and heating areas.

Things to be considered on larger Sole Occupancy Unit (SOU) complexes where hoarding is present:

- Installed sprinkler system could be compromised by increased fuel loads with the possibility of being overrun or high levels of storage causing a shielding effect between the sprinkler and the fire.
- Fire stairs are not permitted to have any storage located in the stairs. It is an offence to impede free access of a person in fire stairs and fines can be imposed.
- Ensure doors to SOUs are fire doors with a self closer installed.
- Stored items in common areas could reduce required egress width and contribute to fire spread.

The Dover Township Fire Marshal cannot inspect residential premises without permission, even if they are suspected of being a fire hazard, as fire services do not have any powers of entry unless there is a fire emergency.

Summer Concert Series

Dover Township Recreation is very excited to announce their lineup for the 2011 Summer Concert Series! Our concerts are held at the Dover Community Park, which is located at 2481 W. Canal Road (just across from the township building). In the case of inclement weather, "the show must go on" at the Community Building located at 3700 Davidsburg Road. ALL proceeds from concession sales will go to various non-profit organizations throughout the Dover Community. Come out on a lazy Sunday afternoon with your lawn chair, have a hot dog to support a local organization, and enjoy some great music for free! Yes, that's right, all the concerts are FREE!!

Tall in the Saddle - Sunday, July 10th from 6-8 p.m. - We don't have Chili in a bowl, but we have Chili in the band!! Join "Chilibear" and the gang for some good time country music!

Emigsville Band - Sunday August 21st from 6-8 p.m. - The Emigsville band is an all-volunteer band comprised of community members from the York County area. Members range from teenagers in the beginning years of playing their instrument to those in their seventies and eighties with decades of musical experience.

Sherwood Country - Sunday September 11th from 5-7 p.m. - Come and enjoy some good old-fashioned country music with Sherwood country. They have performed in Dover for many years and have a great sound!

Old Fashioned Carnival!!

Come enjoy an Old Fashioned Carnival at Historic Brookside Park! There will be many old fashioned games to play, a Baked Goods Sale by the Heritage Senior Center, and live music by the Emigsville Band. There will also be cake walks, penny candy and lots more! Come hungry and enjoy lots of great food for low prices, just like in the old days!

Date: July 13th

Time: 4-8 p.m.

Place: Brookside Park, 4054 Fox Run Rd., Dover, PA 17315

For more information please contact Kristal at 292-3634.

DO YOU OR YOUR HOMEOWNER ASSOCIATION (HOA) HAVE A STORMWATER BMP?

Do you have a BMP on your property or in your neighborhood? Ponds, ditches and depressions that you see every day may actually be engineered stormwater facilities designed to reduce flooding and improve water quality. The most common BMPs are detention basins, vegetated swales, vegetated buffers, and designed constructed wetlands. The long-term benefits of BMPs only work if they are maintained regularly.

Sources of pollution include sediment, nutrients, motor oil, and lawn care products that run off hard surfaces and yards into storm drains. Fortunately for Dover Township and our watersheds, there are BMPs in place to help reduce the impact of these pollutants.

It is also important to work with your facility maintenance professional to ensure that their activities do not contribute pollutants to your property. This includes the use of fertilizers or deicers, proper disposal/recycling of chemicals, trash area, pool and landscaping debris management.

Dover Township Stormwater Management Ordinance requirements regarding the Inspection and O&M of Stormwater BMPs:

Section 19-902. Inspection

SWM BMPs should be inspected by the landowner, or the owner's designee (including the Township for dedicated and owned facilities), according to the following list of minimum frequencies:

- A. Annually for the first 5 years.
- B. Once every 3 years thereafter.
- C. During or immediately after the cessation of a 10-year or greater storm.
- D. All stormwater BMPs serving non-residential development, or serving more than one residential unit shall be inspected, and a report of such inspection shall be submitted to the Township for review on an annual basis.
- E. All inspection records shall be maintained by the landowner and shall be made available to the Township upon written request.

Section 19-602. Operation and Maintenance Agreements

1.C. The owner shall keep on file with the Township the name, address, and telephone number of the person or company responsible for maintenance activities; in the event of a change, new information shall be submitted by the owner to the Township within 10 working days of the change.

If you have any questions regarding the maintenance and care of Stormwater BMPs, you may contact Chuck Farley, PWD at 292-3634 or by e-mail at cfarley@dovertownship.org
