### Dover Township/Dover Borough Joint Comprehensive Plan Update

Dover Township and Dover Borough have spent the last year working with Herbert, Rowland and Grubic, to develop an amendment to our Joint Comprehensive Plan. Public input gathering sessions were held in February, May and September of 2019 to gather thoughts and input to aid in the direction of the plan. A group of community leaders distilled the nearly 600 public comments and summarized them into eight common themes. Vision statements for each theme, listed below, sets the direction and are supported with goals and strategies for the next ten years:

**EDUCATION-** A Regional Educational Collaborative that involves Dover Area School District, all local municipalities, and non-profits is formed to aid in addressing social issues and improving the school district's ranking within the County.

**COMMUNITY INVOLVEMENT AND COMMUNICATION-** A resurgence of volunteers into the community organizations that enhances the quality of life for its residents.

**ECONOMIC DEVELOPMENT-** Advance a Dover Market Area that creates employment opportunities within the Region, which allow its residents to live and work in the area.

## Dover Township Sewer Projects

### Joint Interceptor Replacement

On January 18, 2019, Dover Township Sewer Authority received bids for the replacement of 42" concrete pipe with new 60" HP pipe. The first phase is immediately upstream of the Dover Wastewater Treatment Plant. The replacement includes 6,210 linear feet of 42-inch pipe with 60-inch pipe, 19 manholes and a confluence chamber at manhole J01003. This is where the Fox Run Interceptor joins the Joint Interceptor. The first phase also includes work inside of the wastewater treatment plant at the headworks. The lowest bidders were Anrich, Inc., Garden Spot Electric, and Garden Spot Mechanical with the total amount of \$6,817,711.00. The project's substantial completion date is the winter of 2020. Should you have any questions or concerns about this project, please contact Dover Township's collection crew chief at (717) 292-3634.

### North of the Borough Sewer

This project is intended to eliminate I&I (Inflow & Infiltration) and Dover Township sewer waste from going to the Dover Borough treatment plant. It will replace an old 8" clay line with new 8" PVC. This project starts in our Industrial Area (Raycom). It will extend to Carlisle Rd and up to George St, where we will be installing a sewage pumping station. It will also go out Harmony Grove Road approximately 520 feet. This project is under contract and in the late stages of design. Permitting and ROW work is being completed with bidding expected in early 2020.

## DOVER AREA TOWNSHIP 2019 FALL LEAF COLLECTION

Leaf collection will begin the 2nd week of November and continue through December 20th

### TIPS FOR LEAF COLLECTION

- Please do not place Fall grass or bamboo out with your leaves. These items will need to be bundled and placed out with your trash for pick up.
- Do not place branches or any other item in your leaf piles, as it will cause our vacuum machines to clog.
- You may cover your leaf piles if you choose so your leaves do not blow away.
- Leaves must be raked to the curb or roadside so our vacuum machine can pick them up. Our crews will not drive onto the property to pick up leaves.

## Flushable Wipes Cause Expensive Repairs

Just because the label from the manufacture says the wipes are flushable doesn't mean they will break down like toilet paper does.

Not only is this a problem in Texas we are also dealing with the same problem here in Dover, Pennsylvania! The following photos were taken at our Waste Water Facility. Work is taking place now to remove the accumulation of material wrapped around the mixers. Feel free to stop by and witness this work taking place!

Photo 1 – Anoxic Zone mixer with rag accumulation impacting the anti-vortex baffle. Note the smooth material where it rubs, deflecting the mixer shaft.

Photo 2 – Close up of rag material hanging on mixer shaft.

Photo 3 – Material on impeller blades create an unbalanced condition that leads to destructive vibration through gearbox and motor.

## Weigelstown Lions News

### **Weigelstown Lions Chicken BBQ Fundraiser Saturday, October 5 10:30 AM until sold-out**

The meal will include ½ BBQ Chicken, Baked potato, roll & apple sauce. Stop by our stands at the Fox Run Road & Route #74 intersection or at CVS parking lot intersection of Route #74 and Davidsburg Road. Proceeds benefit Dover Community organizations and the sight impaired.

### **What/Who are the Lions**

The Weigelstown Lions Club is a part of Lions Clubs International which is the largest service club organization in the world.

We're men and women serving in more than 200 countries and geographic areas. Our motto is "We Serve." Founded in 1917, we are best known for saving sight, but we also feed the hungry, aid seniors and the disabled, care for the environment and so much more. Lions are a global service network of volunteers that make a difference in their local communities.

By conducting vision screenings, equipping hospitals and clinics, distributing medicine and raising awareness of eye disease, Lions work toward the goal of providing vision for all. Through the support of the Lions Clubs International Foundation (LCIF), Lions have helped provide more than 153 million treatments for river blindness and 72 million doses of a sight-saving trachoma medication through the SightFirst program alongside our partners. Lions and LCIF have also helped provide vision screenings for more than 22 million children through the Sight for Kids partnership program.

Our community projects often support children and local schools through scholarships, recreation and mentoring. Internationally, we offer many programs to empower youth, including the Peace Poster Contest; youth camps and exchanges; and Lions Quest, an LCIF positive youth development program.

Since 1968, Lions Clubs International Foundation has awarded more than 12,600 grants totaling more than \$949 million in support to Lions' humanitarian projects. As the official charitable organization of Lions Clubs International, LCIF helps Lions improve the lives of millions of people through four pillars of service: saving sight, supporting youth, providing disaster relief and meeting humanitarian needs. Through the Foundation's generous support of large-scale humanitarian initiatives, Lions can extend their reach from local communities to the global community in order to serve those who need us most.

### ADOPT A ROAD/PARK PROGRAM

THE ADOPT A ROAD PROGRAM OFFERS SEVERAL BENEFITS FOR DOVER TOWNSHIP

Adopt A Road/Adopt a Park is a national litter awareness program. This program helps to provide Dover Township and its residents with a clean environment, acts as a reminder not to litter, saves taxpayers money and promotes civic pride.

Dover Township is happy to sponsor this program and is looking for volunteers. If you, your family or your civic minded group would like to volunteer for a 2 year period, please contact us. We will give you all the supplies you need. With that two year commitment, we will erect a sign identifying the name of your organization.

Please contact Brooke Searce for more information at 717-292-3634 or bscearse@dovertownship.org.
