Winter 2020 Newsletter

2020 Budget Message from the Township Manager

The 2020 Budget for Dover Township holds the line on taxes as well as Water and Sewer rates, so our residents will not see any increases to these bills. Our community will still be investing in our infrastructure extensively. Completion of the Township's Public Works Garage Expansion will be finalized with fencing and lighting around the facility. Eagle View Park's Floodplain Restoration Project, funded by PA Department of Environmental Protection Growing Greener Grant funds, will begin in the Spring and we are waiting to hear whether Phase 1 of the Park improvements will receive grant funding from the PA Department of Conservation and Natural Resources. Rohler's Church Road will see a bridge replacement project in 2020 and engineering work to commence bridge improvements on Fox Run Road is also budgeted. Additionally projects to be funded with General Fund monies include: purchase an additional leaf machine (a grant will be applied for to try to obtain 90% of the cost of this machine); pipes will be replaced on Mountain, Salmon Run and Nursery Roads in preparation for future paving projects; three stormwater pond retro-fits will be engineered and constructed; the Community Building Kitchen will have a new stove and range, convection oven, and refrigerators installed; the Community Building will also have a sealant placed on the roof above the Dover Library and Heritage Senior Center; and a feasibility study will be completed on the Fire Station to determine possible space improvements for the facility. In addition to these projects, a new truck for our Facilities Department is budgeted, along with a new hire to aid in maintenance to our buildings and expanding park system.

Our State Liquid Fuels Funds will be used on the following road projects: Paving on Raycom, Belair, Intermediate and North Salem Church from Poe's corner to School House Road; Storm pipe work on Jessica and Abby, 1900 block of Poplars Road, Intermediate Avenue, Honey Run Drive and Fox Run at Hunter Drive; Micro-surfacing on the Fox Run curve will also be performed.

The Sanitary Sewer System is currently under a consent order with the Department of Environmental Protection to resolve infiltration and inflow into the system. We have budgeted significant funds to begin a line replacement project in the Andover Subdivision and in the future Eagle View Park. Additional lining is budgeted from Eagle View Park to Davidsburg Road. We will engineer for the replacement of portions of the Fox Run Interceptor this year. The Sewer Authority has awarded a contract to Anrich, Inc. for upsizing the Palomino Road Interceptor. This project has seen some delays but should be finalized in 2020. A portion of the Joint Use line (located along the Little Conewago Creek) has been bid and will begin work in the new year. This project will include a new headworks for the Wastewater Treatment Plant, which will aid in screening items that are harmful to the pumps at the plant. A new line North of Dover Borough for future business growth, is currently in design and permitting. This department will see a purchase of a new Chevy Express Commercial Van and Line Inspection System. The piece of equipment is used to televise the sewer lines sending camera images to the truck for the purposes of determining maintenance issues. Additionally, an Easement Jetter is also budgeted.

Dover Township Meeting Schedule

Board of Supervisors

The Board of Supervisors will hold their regular meetings in the Township Municipal Building, 2480 West Canal Road, Dover, Pennsylvania, at 7:00 PM on the second (2nd) and fourth (4th) Mondays of the month. The Dover Township Board of Supervisors invites the public to attend.

Industrial & Commercial Development Committee

The Dover Township Industrial and Commercial Development Committee promotes industrial and commercial activities that will expand the greater Dover area tax base. Meetings are held at the Township Municipal Building, 2480 West Canal Road, Dover, Pennsylvania, at 4:00 PM on the fourth (4th) Wednesday of the month.

Planning Commission

The Dover Township Planning Commission is a five member Commission with one alternate member. The term of office is a five year staggered term. This Commission is an advisory body to the Board of Supervisors. The Authority is granted by the Municipal Planning Code of the Commonwealth of Pennsylvania. The local ordinance of control is the Subdivision and Land Development Plan of Dover Township and the Dover Township Comprehensive Plan. Meetings are held at the Township Municipal Building, 2480 West Canal Road, Dover, Pennsylvania, at 7:00 PM on the first (1st) Wednesday of the month.

Sewer Authority

The Dover Township Sewer Authority is the owner and financier of the Wastewater Treatment Facility, a regional facility, for Dover Township. The body is a five member, staggered term, Authority authorized by the Authorities Act of 1945 of the Commonwealth of Pennsylvania. It is a Non-Operating Authority due to a "Lease Back Agreement" of operation to the Township. Meetings are held at the Wastewater Treatment Plant, 851 Graffius Road, York, Pennsylvania, at 7:00 PM on the fourth (4th) Wednesday of the month.

2020 Budget Message from the Township Manager

Continued from front cover...

This piece of equipment will be used in sewer right of ways that are not accessible using our heavy Flush Truck.

The Water System continues to work toward engineering a water line replacement on Route 74 North of Dover Borough to coincide with the Sewer line installation. A portion of the Andover Subdivision will receive new water lines. Two new trucks were ordered in 2019 but will not be received until 2020. Minor equipment purchases include a Wachs Jackhammer, Trash Pump, Hydraulic Diamond Pipe Cutters and Box Shoring.

Additionally, the Fire Department will be using Fire Tax Capital Reserve Funds to place a down payment on a new engine to be purchased in 2021. This engine will replace the 2001 Engine. The proceeds from the sale will be returned to Fire Tax Reserve Fund. The remaining funds for the purchase will be budgeted through future budget years as loan payments.

It is Dover Township's goal to provide quality services in a financially responsible way. Building Futures and Creating Memories for our residents is always our top priority.

The Apartment Boom – Condensed

Dover continues to grow into a more thriving, family-centered community. In order to accommodate this growth, the Township needs to properly plan for the future of our community. The Township is nearing the end of a Joint-Comprehensive Plan update in partnership with the Borough. Some major topics or themes have been education, recreation, workforce development, economic development, and, of course, housing.

Some residents have frequently asked, "Why do we need new apartments? Won't they overburden our school district? Will our roads be able to handle this additional growth?"

Housing needs have shifted throughout generations. Today's young workforce continues to seek affordable, manageable, and transient housing. Simply put, we want to provide areas where skilled laborers can live, work, and play, and we want recent college graduates to return home, find quality jobs here, and spend money in our local economy.

It is no secret that most young professionals are overburdened with the cost of student debt. Proper planning allows us to provide affordable housing options to these young individuals while encouraging them to spend their money locally right here in Dover.

Broadly speaking, keeping a vibrant community together requires skilled training and/or education of our youth, quality jobs, affordable housing, and suitable recreational areas. This ultimately will raise the quality of life here in Dover and, in turn attract more residents to our community. And we need to plan accordingly.

Dover High School Students get Real Life Skills on the Job at Dover Township

Dover High School has long offered Seniors the opportunity to work in the community and with local business and government agencies. These opportunities are offered through their Career and Technical Education (CTE) programs. Under the current CTE program, there are opportunities for job shadowing and internships. DASD offers the following CTE Programs: Accounting, Business Office Management, Marketing, Commercial Advertising Art, Agriculture General, Horticulture, Ag-Mechanics, Geospatial Technology, Computer Science, Engineering Technology and Diversified Occupations.

Here at Dover Township, we have been fortunate to work with students in both the Accounting and Geospatial Technology programs. Students have had the opportunity to see their work applied in the field.

Geospatial students have spent time collecting data and mapping that data about our roads and utility systems. Accounting interns have been exposed to Payroll, Accounts Receivable/Accounts Payable, Utility Billing and the budget process.

We currently have two Accounting Interns, Jay'La Bates and Gina Strine, working part-time in our office. They are both Seniors with a desire to attend college. Jay'La plans to attend college in Maryland and will pursue a degree in Mathematics or Accounting. Gina plans to attend college in Pennsylvania and is looking to pursue a degree in Teaching or Accounting. Additionally, Class of 2019 graduate, Brooke Searce stayed with us last Spring through the Summer part-time and recently took a full-time position in the Front Office as our Administrative Clerk.

This experience has been a rewarding one for the students and our staff. If your business has an interest in obtaining an intern from Dover High School, please contact Charles Benton, the Director of Career Education and Academic Services at phone (717-292-3600 ext. 10105) or email at Cbenton@DoverSD.org to find out how you can benefit from these programs and by giving our Dover students a Real Life Experience!

The Greater Dover Historical Society

The Greater Dover Historical Society (GDHS), established in 2003, has an overall mission to gather, restore, preserve and conserve historical articles and items indigenous to the Greater Dover area for the education and appreciation they may bring to those who view or study them.

The Society maintains a reconstructed Blacksmith Shop in Ketterman Park, where Blacksmith demonstrations are held on the second Saturday of the month from April through October. Additionally, a guided historic walking tour through the Borough is held in early June.

Two on-going community service projects are held annually. From April through October, members do trash pick-up along Route 74 from the Borough line north to Sky Top Trail. From September through November, members donate various paper products to our Care to Share program. In November, the collected items are donated to the Dover Food Bank.

GDHS meetings are held at 7:00 PM on the third Thursday of the month in the Calvary Lutheran Church social hall. Three or four guest speakers or special programs are typically scheduled during the year. Information about Dover's history, landmarks, our annual walking tour, and sale items, along with membership information and applications can be found at www.gdhspa.org.

Friends of the Dover Community Library

The Friends of the Dover Library are excited to begin this Fundraiser celebrating Spring. Bird watching is a wonderful way to spend family time, and these bird boxes will provide a safe environment for your backyard birds!

We are focusing on bird boxes for small nesting birds: Bluebirds, Wrens, Chickadees, Finches, etc. They are uniquely crafted with a opening hatch for easy cleaning.

We will begin taking orders the end of January at the Dover Library. We have two options available: Gray stained box for \$18.00 or an Unstained box for \$15.00. Proceeds will be used to fund the many programs the library has for the community. To purchase or order a Nesting Box, forms are available at the Library and can be turned in at the desk. Cash or Check payment is required at the time of purchase/order. Checks should be made payable to: Dover Library. We will contact you when your box is finished.

Thank you for your support!

Dover Women of Today presented a donation of \$300.00 to ACCESS YORK in recognition of Domestic Violence Awareness Month.

Dover Women of Today also makes an annual donation of Backpacks filled with health and beauty aids and clothing, etc. to Mr. Sandy's Homeless Veterans Center in York; and donations of food, clothing, school supplies and Christmas items to New Hope Ministries in Dover, along with several other donations made throughout the year and much more! Dover Women of Today appreciates the kindness and support of the Dover and surrounding communities who sponsor and attend our fundraising events so that we can continue to contribute to these outreach organizations.

FAILURE TO RECEIVE A BILL DOES NOT VOID RESPONSIBILITY FOR ITS PAYMENT OR WAIVER OF THE PAST PENALTY.

CURRENT WATER/SEWER RATES

Water and sewer bills are sent out quarterly. There are 3 separate billing cycles in Dover Township.

If your account number starts with a **0** or **1**, your bills are issued in **January, April, July and October**

If your account number starts with a **2**, your bills are issued in **February, May, August and November**.

If your account number starts with a **3**, your bills are issued in **March, June, September and December**.

Bills come out around the 1st of the month and are always due by the 15th of the month, unless the 15th falls on a weekend or holiday, in which case the due date would be the next business day.

- Quarterly charges for public sewer are \$128.52
- Quarterly charges for public water are \$39.00 for up to 6000 gallons of water. Additional charge for usage over 6000 gallons is \$5.90/1000 gallons.
- Quarterly charges for a grinder/garbage disposal are \$5.50.

PAYMENT METHODS

- In the office, we accept checks, cash or money orders. We are located at 2480 W Canal Rd, Dover, PA 17315. Normal business hours are M-F 8am-4:30pm.
- Credit Card payments are accepted online only at www.dovertownship.org. There is a convenience fee charged for online credit card payments.
- Check or Money Orders can be mailed to us at 2480 W Canal Rd, Dover, PA 17315.
- We have a drop box located at our office, in the vestibule, which is accessible 24/7.

WATER LEAKS

Research has shown that water leaks can lead to 2,000—20,000 gallons of water being wasted each day. The 7 most common areas where leaks occur are: * **SHOWERS/BATHTUBS** * **TOILETS (especially the flapper in the tank)** * **SINKS, FAUCETS, HANDLES AND PIPES** * **DISHWASHERS** * **CLOTHES WASHERS** * **WATER HEATERS** and * **OUTSIDE SPIGOTS.**

You can check for water leaks by using your water meter. Read the meter before you go to bed or will be away from the house for a period of time. Read the meter again when you wake up or return home. If the numbers have changed without any water being used, there is a leak somewhere in the house.

The majority of water leaks in a house are caused by running toilets. A good way to check for a leaky/running commode is with a simple dye test. Put some dark colored food coloring in the tank of the toilet and let it sit. Do not flush the toilets. After a couple of hours, check the toilet again. If any of the colored water from the tank is now in the bowl, you have a leaky toilet.

WAYS TO CONSERVE WATER :

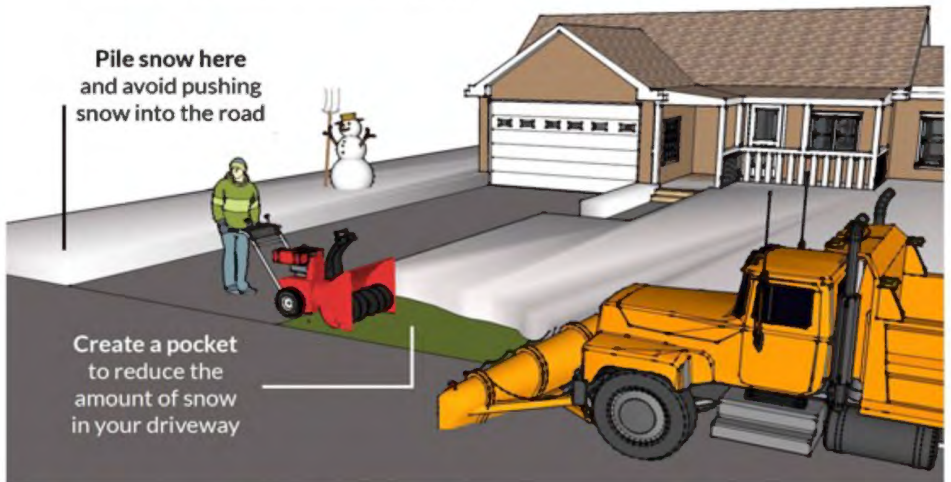

1. Turn off the water when brushing your teeth.
2. Use a kitchen timer to limit the amount of time in the shower.
3. Place a liter bottle filled with water in the tank of the commode, avoiding the float and trap area.
4. Only do dishes or laundry when you have a full load
5. During the summer dry spells, save bath and dish water to water the garden or plants.

- If a storm is anticipated, remove vehicles from the roadside shoulders. This allows plows to clear the area the first time through, making return trips unnecessary.
- Do not shovel snow into the road. This can cause a serious traffic hazard.
- If possible, wait until the road has been plowed before cleaning out the end of your driveway. There is no practical way to plow the road without depositing snow into your driveway.
- Plow operators are urged to take precautions to avoid hitting mailbox posts. Experience has shown that reduced visibility during a storm makes it difficult for a driver to see a post in time to avoid striking it or pushing it over with plowed snow. Any installation within the right-of-way, including a mailbox is placed there at the owner's risk.
- Do not be misled by trucks running with their plows raised. They may be returning for fuel or they may be headed to another area. The municipality may not be responsible for all roads in the area. Some roads may be maintained by the State, some by the County, and some roads may be Private (as in developments where roads have not yet been dedicated).

How Can I Keep Snow Out of my Driveway?

Before your street has been plowed, we recommend the following:

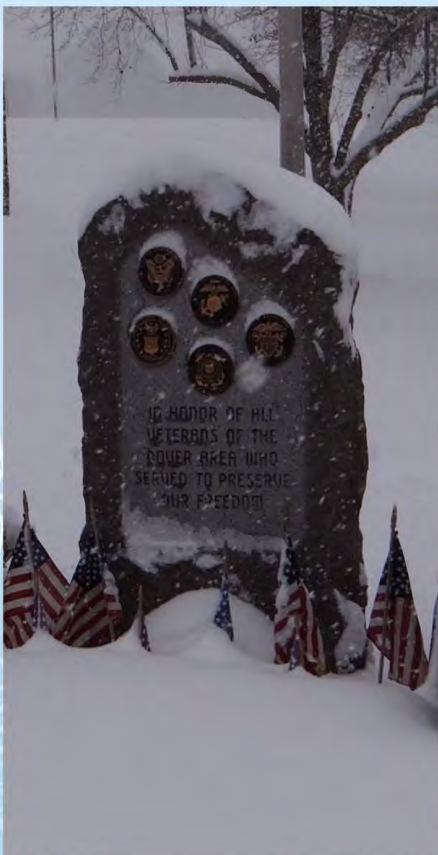

Using this method to clear snow will reduce the amount of snow that accumulates at the end of your driveway!

DID YOU? KNOW

That hockey goals & portable basketball poles placed in or near the street are a violation of **Section 2326 of the Second Class Township Code**, which prohibits obstructions and nuisances along any public road in the township.

If you have hockey goals or portable basketball poles, we ask that you immediately move them out of the right of way of the road and to the back of your property or driveway where they will not obstruct any vehicles or equipment, or be a potential cause of accident or injury.

A Message from Your Fire Department:

- Get your chimney inspected each year to make sure that it is safe.
- Hire a chimney sweep to clean out your chimney every year.
- Get your furnace inspected and complete any maintenance now before heavy use as the weather changes.
- If the snow gets above 6" be sure to check your furnaces vents to ensure they are not blocked by snow piling up.
- Change your carbon monoxide detectors batteries. If you do not have one, but have gas appliances, you should have one.
- Be sure to check Dover Township ordinances in reference to recreational burning, and controlled burns.

ADOPT A ROAD/PARK PROGRAM

THE ADOPT A ROAD PROGRAM OFFERS SEVERAL BENEFITS FOR DOVER TOWNSHIP

Adopt A Road/Adopt a Park is a national litter awareness program. This program helps to provide Dover Township and its residents with a clean environment, acts as a reminder not to litter, saves taxpayers money and promotes civic pride.

Dover Township is happy to sponsor this program and is looking for volunteers. If you, your family or your civic minded group would like to volunteer for a 2 year period, please contact us. We will give you all the supplies you need. With that two year commitment, we will erect a sign identifying the name of your organization.

Please contact Brooke Searce for more information at 717-292-3634 or bscearce@dovertownship.org.

NORTHERN YORK COUNTY REGIONAL POLICE DEPARTMENT

We're excited to announce that the Northern York County Regional Police Department has joined Neighbors by Ring! The 'Neighbors' app is a digital neighborhood watch right on your phone where you can get real-time crime and safety alerts from your neighbors and law enforcement.

NYCRPD will be using 'Neighbors' to monitor crime in your area and send you updates on key crime incidents so you can all stay informed. By working together, we can all make our area a safer community.

Download the free 'Neighbors' app (<https://download.ring.com/northernYorkCounty>) today to see what's happening in your neighborhood
